

# The Message explained.

When a hominid insistently performs ritual burials, they know that they are violating Existence and entering the Lie. The Human Secret is that no one believes they are immortal. What is happening is that they sign a Pact with Death refusing to live. This makes them Almighty because, when using Death in this way, for which they have to know that they are going to die Totally, changing their attitude requires killing them. And they do not care what is true or what is false since they are committing suicide. This is the Human Wall: the refusal to live. Their life has turned into a curse and hell.

Naturally, this aberrational attitude is neither direct nor Total. It occurred in a few generations of our most distant ancestors, when the species homo-sapiens arose, and in a loss of reference. Those who were born could not know what was happening and they had to push forward, until the End of the World. And what made such a process possible was the damned Infinity. The hominid from which we descend, homo-erectus, fell into the Infinity Trap giving rise to the Human Being. The Infinity Trap is a natural trap of Existence that is found when reaching a certain development of consciousness.

At birth and growing up, the human being soon runs into Authority, from their parents, siblings, teachers in general... Authority is the way to impose the Pact with Death on everyone, no one can escape it, and it forces them to renounce life, they lose their own decisions and experience. Since life cannot be renounced, they learn, by copying their peers, the trick of refusing to live. They take advantage of their misfortune by obtaining Almightyism: By refusing to live, they will die before giving in to any interposition, except submission to Authority, to which they add, but not totally, of course. This move is made between 3 and 5 years of age, falling into a much greater misfortune, they have also lost their Understanding, but now they feel they are the owners of their decision. They consider their refusal to live their freedom, and hide it in confusion. They have made a Pact with Death and have rejected life, they have rejected Everything, they

have rejected Existence. They need to believe that they believe themselves to be immortal in order to believe that they lose nothing.

Infinity does not exist. Infinity is a mathematical concept, but it is not a mathematical possibility. Nobody believes in Immortality simply because it cannot be believed. The Infinity is taken as a shield in front of the Pact with Death because such a move cannot be confessed even to oneself, it is the Human Secret. Then, the Human Secret is not so much that no one believes they are immortal as that they have made a Pact with Death.

We have a coin with two sides, and one side is meaningless without the other. It is a wrong of double meanings in all aspects. The negative side is developing the refusal to live to its fullest consequences, and it manifests itself in a chain of traps and confusion so that no one can unravel the wrong. The positive side is the attempt to get out of the refusal to live, of the Pact with Death.

On the negative side is the desire to die. Soldiers die in the war. What are the soldiers going to war for? To die (the circumstances of the wars do not explain the War). Misery and mutism in a climate of violence, aggressiveness, contempt..., even towards their own children. It is a criminality that tends to Infinity, see the Nazis and others. Refusing to live justifies any crime, no matter how grotesque, because first they do it against themselves by rejecting life. The Almightyism leads to a Raging Struggle that desperately seeks death. Human beings attack and kill to be killed. And the Suicide of the Planet will put an end to this despair.

On the positive side we have that what the Human Being seeks is not death, but *death*, in italics. *Death*, in italics, is expressed in religions as death/rebirth, that is, Reincarnation; or as a previous trip to the Afterlife; or as that from which one must be saved by overcoming the Judgment of God by having made the Pact with Death in her or his name. It is the Path of Knowledge, which if successful

means discovering what is being said here: What has stolen our lives, the wonderful gift without a source, turning it into a nightmare.

On the negative side are God and the End of the World. Authority is very funny because we all know very well that no one will really ever accept another's dictatorship. Then God offers death in life. If he or she is Almighty, she or he will have to duel in every confrontation. This Fight is called "the Light of God", and it will continue until only one remains (God is only One). And God will exist for a very short time until his or her own death from starvation and radiation on Dead Planet. The human being who wins will be God, and what she or he will win is death. God will be the one who signs the human atrocity, the Crime Against Existence of Humanity. This is the Mystery of God. See that if you defeat God, you become God, and God continues to win. It does not matter what cause God fights for. What a grotesque trap! Heaven is a Corpse adored by corpses. The "Life" given by God is the Struggle to occupy the Throne. Also, it does not matter if he or she cheats to win. The Human Being plays dirty, and with him or herself first.

On the positive side, we all know that Almightyism is not what it seems because we put a sign on our grave, be it a pyramid, a star, a crescent... or a cross. Even if we do not all put it on, we all have this feeling before Death. We are making a reservation at the End of the World!

On the negative side, the reservation at the End of the World would be to aim to be God at the Last Judgment, the choice of the most criminal human being of all time. This is the pyramids and other mausoleums. The simplest signals would be to bet on one god or another. Believing Immortality is a bet that leaves a matter pending after death until the End of the World, in which it would be buried...

On the positive side, all the signs in the graves are a desperate scream to those of us who are at the End of the World so that we accept the rescue that is produced in it, that is the Light at the End of

the Tunnel, and that is being produced in this Message. Let me explain: there have been many men who have attempted the rescue, they are the Christs. They tried to change the world and they were lynched, others poured out all the wrath, hatred and evil of God on them. They allowed themselves to be lynched when they realized that they could not carry out their purpose, understanding that there is only opportunity at the End of the World. Then they announced that they were going to resurrect, which they did not, of course, but the others put in the rest and, with this master move, they stood themselves at the End of the World. The last of them, Jesus Christ, put a clear signal that is everywhere in the whole world. Not only in graves, it is also in churches, classrooms, offices, bedrooms... This sign has also been given a negative meaning, as if Jesus Christ had been a messiah: Great military political leader who achieves total victory for his people, that is, a god to bet on. No, Jesus Christ was a christ and not a messiah.

All the Christs left the following sign on the Wall: "I called and they did not open. Thanks. I come back". (The phenomenon comes back, not the person). And the Sign of Jesus Christ restores the correct meaning to all the signs in the graves of all human beings, now, at the End of the World.

This meaning is: Look at a cemetery, do not see dead. Feel those signs that you have in front of your nose, and that scream: I wanted to be rescued! Do it for me too please! Keep in mind the human despair of all times! Know you Freedom, also for me, and do not wait I resurrect!

That you accept the rescue will not change anything in the dead because they do not exist. It will only make the desperate desire to know Freedom that they had in life, and could not achieve, become effective in our hearts. Only this. Do not fail the dead.

There is only opportunity at the End of the World because only the human wrong can be solved here. You who have made the Pact with Death cannot look at it because of the horror that such a maneuver

entails. And the few of us who have not made the hideous maneuver cannot imagine, although it is very evident, that all of Humanity do something so atrocious. This is why it is written on the Wall (we all feel): "Only if they are completely determined to suicide the Planet they will be rescued". Seeing this condition breaks all the seals and exposes the complete human move, and it is already being fulfilled. In addition to the fact that only at the End of the World is all the information available, due to high technology. The Christs did not discover the Mystery of God, nor the Pact with Death.

There remains a general and progressive famine with no return or exit, which would be finished off with atomic bombs and bursting nuclear power plants. The Total Death of the Planet to which the Perfect Dictatorship leads us, the Total Submission, already established and which is the agreement to Suicide the Planet.

The Pact with Death does not matter, it is just Original Sin. You did it using Death because you knew that Death is Total and nothing will matter afterwards, neither how long it lasted nor how life was. And it is the Mortal Sin because, knowing it, you condemned your life and you condemned your Understanding. But this is not infinite either! Use Death again to know Freedom this time and voila, which is how Death is really used. Since you are going to die Totally, nothing matters but being Free while you exist. It is the forgiveness of sins in life preached by the Christs, and it is not offered by God, but by Death. Your Pact with Death is revoked.

Ok, now the question is what do we do? Eliminate Money, that's all. Work for your own satisfaction and do not ask or accept anything in return, except the expression "thank you", even do not work, I do want to work. Then take what you need and want, without wasting or hoarding. Everything will fall into place under its own weight. No competition, simple as that. Without any government. Without Borders. No justice. Well-being in Freedom while you live, leaving a wonderful world to your descendants and/or those of others. Everyone takes care of their personal and individual affairs, collective affairs are

resolved by Direct Democracy in free assembly. Just agree on a date to do it all at once, all over the Planet. The supposed religious Heaven is a reflection of this, which is Paradise. You will have been left Free *regarding the Authority*, which is what you were really looking for, without suicide the Planet and still alive. Forward this Message and you will have it done. There is simply a work to do..., well let's do it. We have to eat and stuff. We have always been at the End of the World, and it is here now. Remember: Money pays Sacrifice and buys Authority.

Notice that refusing to live, that heinous auto crime, condemns you to agree and participate in the humiliation of Authority as a coward. By pacting with Death, you bet that no one would ever reveal the Cowardice that this implies, and you added to the collective debt acquired with Death, which forces you, which forces all the pactors, to suicide the Planet before Human Cowardice be revealed.

This produces two very concrete attitudes. First, the Macabre Grimace, that occasional broken little smile that says: "I am a coward and I am acting with cowardly evil, but you will not be able to stop me because all human beings are complicit in Cowardice, and no one will want or know how to break the Silence." And second, Basic Terror in the face of insecurity, before doubt that someone breaks the Silence. This Basic Terror is what generates the enormous wrath, hatred, and evil that lead to the desperate search for death, committing atrocious crimes, and forces you to run with horrific haste towards the Suicide of the Planet, which would definitively bury Human Cowardice, preventing anyone from ever, neither in the present nor in the future, can know it. And why this Basic Terror? Because you would realize, or someone would realize, effectively and fully consciously, that you, along with all Humanity until the present, are rejecting Existence for Cowardice, something unassumable... Unless you stop doing it. And now you can, with this Message. Rejecting Existence for Cowardice, by being unassumable, closes the way to all Understanding, what Almightyism really is. The impossibility of understanding your Existential Cowardice is what blocks all options, leaving only the

Suicide of the Planet. It is Basic Terror, and it is expressed in misery, mutism, struggle, hate and atrocious crimes representing the End of the World. Weckedness is to be a Guardian of Cowardice, it is to rebound in Basic Terror, it is an escape forward, towards the End of the World. Now look at Hitler and All Humanity. You are dead in life.

So are you going to die like a coward? That makes no sense. Human Cowardice is already revealed. God has lost. You will not meet with God. Your corpse will not remain adoring the corpse of God, seated on the Throne, and yours to its right. This was your reason for existing, whether you were believer or not, and everything has been cancelled. In order not to know that you were rejecting Existence for Cowardice, you seized the Infinite somehow. If you were not a believer, keeping it as a last resort, protected and, in any case, you defended it with rage if it was questioned.

Revelation 9-6: "In those days men will seek death and will not find it. They will want to die, but Death will flee from them". This horrible anguish would be caused by have rejected Existence for Cowardice without remedy already. You better not wait for the Final Famine because in hopeless hunger you would need to understand, do you understand? You couldn't commit suicide. And perhaps it would be too late for what is offered in this Message. Beware, there is little time left.

Do you see why there is only opportunity at the End of the World? Do you now understand all of the above in this Message? The Christs were lynched for exposing Human Cowardice by not submitting themselves and calling for non-submission, that is, to Freedom, without understanding what was happening. They pretended to live! But this real meaning was hidden, and the false one of demonstrate Immortality was taken, leaving their legacy recorded until World's End, since no one thinks they are immortal.

The Truth is: There is no reason for Existence, the Infinity does not exist, and Nothingness cannot be conceived. Existence will end in

Nothingness, without final result. Yours to your death and Total. And nothing will exist and no place will exist. Now, the Raging Rebellion against this inconceivable reality is not cause, but consequence of the Pact with Death, since the hominids did not rebel. You get all very well.

Concluding. To experience the immensity of being alive and to understand more and more, understanding does not end until death, visit the reference website. There are magnificent documents, such as the "Charter of Universal Disconstitution of Attentive Beings" (know Freedom), or the "Scientific Explanation of Existence" (know how Death is Nothing), exquisite songs, hilarious tales, as well as guides to learn to face death. It is very easy and simple having revoked the Pact with Death, this was what prevented it. The sense of Existence is the increase of consciousness, Comprehension. Your comprehension was blocked by your Pact with Death. Understanding you will feel mortal, what you are. Accept Life and forward, you brave. Live Freedom before you die.

This Message is the "Little Book" that saint John announces in his Revelation chapter 10 (this fool, this John, exposed all Humanity. He knew the Mystery of God, but not the Pact with Death). He sees that it will be written, published and forwarded. He does not change his prophecy, even though they tell him and he knows he has to change it, because he does not conceive that anyone could fully unravel the wrong.
