

Message of the Christ of the End of the World.

The Key to Hades: Nobody believes they are immortal.

The Mystery of God: The one who wins the human struggle will be God, and what will win is death.

The Truth: There is no reason for Existence, Infinity does not exist, and Nothingness cannot be conceived. Existence will end in Nothingness, without a final result. Yours at your death and the Total. The meaning of Existence is the increase of consciousness, understanding.

The Pact with Death: Refusing to live to accept Authority. It supposedly makes you Almighty, but it is much more serious.

The Condemnation: Understanding brings you closer to knowing your condition. This is what makes you Almighty. You cannot understand anything, before you kill and die. Your condition is: You are rejecting Existence for Cowardice, you are dead in life and you need to suicide the Planet so as not to know it and so that no one will ever know it. It is unassumable and you experience it as Basic Terror, which you represent and reproduce in War and Fight. But you already know it and we know it.

The Christs: They tried to rescue us from this Horror. They were lynched because they tried to live, for which they needed to Change the World. We Christs offer Freedom, not Immortality. And Freedom is regarding to Authority.

Paradise: It will be on Earth as long as we live. Nothing will not care that you have died. Just know this and eliminate Money. Money pays Sacrifice and buys humiliating Authority.

The Gates of Heaven Demolished.

Here you are and here I am. Why would I endure your authority over me, or why would I exercise authority over you? That makes no sense. In early childhood you found that the Authority forced you to renounce life. Since you cannot renounce life, you chose, copying your peers, to refuse to live. With this you accepted the Authority and felt you were Almighty, because never, until death,

could you undo this Pact with Death. This is the abstract center, the recurring pattern, so some live it in one way, others in another.

Given how great it is to exist, this move is completely atrocious. Then you cannot recognize it, and just approaching its knowledge produces Basic Terror in you, because knowing it would burn with anguish for the rest of your life in the face of such a grotesque Crime against Existence, against yourself, since you are Existence. This is the Religious Hell from which one escapes by defending Authority. The result is that you feel that existing is a curse, and you sabotage Life.

However, the fact of going to die Totally nullifies all guilt and all condemnation. It is Death that offers the Complete Forgiveness that we Christs preach, and leaves us Free to live as long as we exist independently of our past. What difference does it make if everything is erased at the time of death or before?

Now we have the War on our heels. On August 6, 1945 we learned that this will be the last. The options are: Well the empty and meaningless representation of that Basic Terror, without knowing why you are fighting to the death. Well the Path of Knowledge facing that Basic Terror with Understanding. An exciting adventure that will allow you to truly live, in Freedom, until death overtakes you naturally. Simply do not refuse to live.

You have decisive documents on the reference website, such as “The Message explained”, the “Charter of Disconstitution”, which establishes a Direct Democracy throughout the World, in a chaotic manner, without a presidency. I am not going to reign, and no one is going to reign. Since there is no Money, things are easy. Everything is ready.

“Scientific Explanation of Existence.” Physics has solved Existence, the equations are formulated and proven, it was only necessary to interpret it, something that physicists did not dare to do.

And more documents, guides to learn to face death, as well as hilarious stories, exquisite songs... You will have a great time.

And know? It could happen that even with the Gates of Heaven Demolished and Heaven wide open, you would die like a coward. But not choosing it, you don't have genitals for that. Perhaps you will let yourself be dragged into the most frightening Horror, unimaginable, because you will have no hope. You educated yourself as a coward and you could get into the Hell that you yourself have created. Not eternal, but very hard and very long. This is the power of your Pact with Death. When you did it you realized what was involved, that you were taking on Basic, Existential Terror, and you swore that you would never give in, that you would never know what you are doing because you would die first, but you already know that, right? And you are not capable of committing suicide individually. Are you able to ignore this Message until the Final Famine overtakes you? Look and see, but no more than that, and it could be too late.

Look what this John said in his Revelation 9-6: "In those days men will seek death and will not find it. They will want to die, but Death will flee from them."

Forward this Message and let all know. Accept life. Let the whole world understand. There's still a little time left, I hope.

This is the Message of the Christ of the End of the World.

The Gates of Heaven are Demolished and Heaven is wide open.

Now, accept Paradise, or die as a coward.
